

# ClassSwift Test Connection

## Having Trouble Launching ClassSwift?

Copy and paste the following URLs into your internet browser to check if they are whitelisted. If you are unable to access any of them, add the URL to your whitelist with your internet IT/admin/provider. If the following URLs are whitelisted but access is still restricted, you may need to follow the steps in 'ClassSwift - Network Whitepaper'.

URL	Webpage looks like this:
API: <a href="https://api-swift.universe-vs.com/docs">https://api-swift.universe-vs.com/docs</a>	 <p>The screenshot shows the ocelot API documentation. It lists two main sections: 'authorization' and 'organization'. Under 'authorization', there are five endpoints: POST /api/v1/token (Get Token), POST /api/v1/login (Get User Info), POST /api/v1/register (Register User), GET /api/v1/multi_login (Get Multi Login), and POST /api/v1/multi_login (Create Multi Login). Under 'organization', there is one endpoint: POST /api/v1/organization (Create Organization).</p>
ClassSwift Hub: <a href="https://classswift.manager.viewsonic.io/">https://classswift.manager.viewsonic.io/</a>	 <p>The screenshot shows the ClassSwift Hub sign-in page. It features a 'Sign In' form with fields for Email Address and Password. There is a 'Sign In' button and a 'Sign up with viewsonic' link. The background has a blue globe and a green pencil.</p>
Participant View: <a href="https://classswift.student.viewsonic.io/">https://classswift.student.viewsonic.io/</a>	 <p>The screenshot shows the ClassSwift Participant View page. It is a simple, light gray page with the ClassSwift logo in the top left corner.</p>
ClassSwift Product Page: <a href="https://www.classswift.viewsonic.io/">https://www.classswift.viewsonic.io/</a>	 <p>The screenshot shows the ClassSwift Product Page. It has a header with the ClassSwift logo and navigation links: 下載, 聯絡我們, 教師管理, 忘記密碼, and 註冊. The main content area is titled '開始使用ClassSwift' (Get started with ClassSwift) and contains two steps: 1. 註冊帳號 (Register account) with a button '立即註冊' (Register now), and 2. 下載ClassSwift (Download ClassSwift) with a button 'Download for Windows'.</p>
ClassSwift: <a href="https://classswift-launcher.s3-accelerate.amazonaws.com/ClassSwift.zip">https://classswift-launcher.s3-accelerate.amazonaws.com/ClassSwift.zip</a>	Check if you can download it successfully

Launcher:

<https://classswift-launcher.s3-accelerate.amazonaws.com/ClassSwiftLauncher.zip>

Check if you can download it successfully

If you are able to access the above URLs from your internet browser without issue, try logging into ClassSwift with your username and password.
